

Hurricane Ike Response

Hurricane Ike was the third most destructive hurricane to ever hit the United States causing \$27 billion dollars worth of damage. First Response quickly mobilized to assist clients all along the hard hit Gulf Coast. From Houston to devastated Galveston, First Response Teams worked long hours to restore client properties that included a medical center and office complexes. First Response Mobile Teams assessed damage, formulated and executed plans for complete structural drying and demolition to prepare many facilities for reconstruction. Using state-of-the art drying equipment and trained Technicians, First Response was a dynamic part of the response and recovery efforts for the Gulf Coast.
